

# About our company

We are a family-owned company founded in 1912. Since 1962, we have been producing flexible packaging (mono and multilayer materials, pre-made bags, paper, aluminium). Today, we are the biggest producer of flexible packaging (based on high-quality flexoprint) in the Czech Republic.

## Our strengths

- Modern technology (5 printing machines, 4 lamination lines, 6 slitting machines)
- Pre-press studio and printing plates production in-house
- The highest flexo printing quality based on Kodak Flexcel NX
- Certification: BRC IOP, FSC, SMETA, ISO 2009:9001
- More than 200 employees
- Production: 24/7
- No MOQ
- Large inventory of raw materials
- References: more than 400 active customers all over Europe

# Products
